

ALPHA KAPPA ALPHA SORORITY, INC. ®

PSI LAMBDA OMEGA CHAPTER

Alpha Kappa Alpha Sorority, Incorporated, had its humble beginnings as the vision of nine college students on the campus of Howard University in 1908. Since then, the sorority has flourished and now has 290,000 college-trained members, bound by the bonds of sisterhood and empowered by a commitment to service and leadership that is both domestic and international in its scope.

Alpha Kappa Alpha's Psi Lambda Omega Chapter exemplifies the sorority's commitment to service through its scholarships and program activities. Our program activities include: Promoting and Marketing of historic black colleges and universities (HBCU's); Sponsoring Women's Healthcare and Wellness events; and participation in Social Service programs.

TOPIC: Saving Our Environment is Necessary

Environmental justice is defined as the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income, with respect to the development, implementation, and enforcement of environmental laws, regulations and policies. This goal will be achieved when everyone enjoys: 1) the same degree of protection from environmental and health hazards and equal access to the decision making process to have a healthy environment in which to live, learn and work.

In his article, *Fighting Environmental Racism*, Irwin Weintraub writes, "environmental racism can be defined as the intentional siting of hazardous waste sites, landfills, incinerators, and polluting industries in communities inhabited mainly by African-American, Hispanics, Native Americans, Asians, migrant farm workers, and the working poor. Minorities are particularly vulnerable because they are perceived as weak and passive citizens who will not fight back against the poisoning of their neighborhoods in fear that it may jeopardize jobs and economic survival."

You will consider important issues surrounding the environment, environmental justice and environmental racism

- Discuss a positive or negative impact an environmental issue has had on your community; and what contributions you have made and/or plan to make to save the environment.
- Please include your full name on each page of the essay. Essays should be no more

than 500 words, double-spaced, Arial, 12 point font size.
